# **Strategies**

- Since the approval of the Board of Directors of the Saudi Triathlon Federation at the end of 2021 and based on the requirements of the Ministry of Sports and the Saudi Olympic and Paralympic Committee, it has established strategies under each sports federation that should include Technical and operational strategies.
- Strategies aim to develop and evaluate work in a professional manner.
- The Federation's activation of this strategy and its implementation according to its provisions has stimulating financial returns after the evaluation of the strategic management of the Saudi Olympic and the Saudi paralympic Committees.
- In the first year of activating operational performance indicators & in less than 6 months, the Federation has achieved two points out of five despite the lack of time and the incomplete internal administrative structure.
- The Federation has achieved a success rate of 97% In the first year of technical performance indicators.

### **Eastern Province Headquarter**

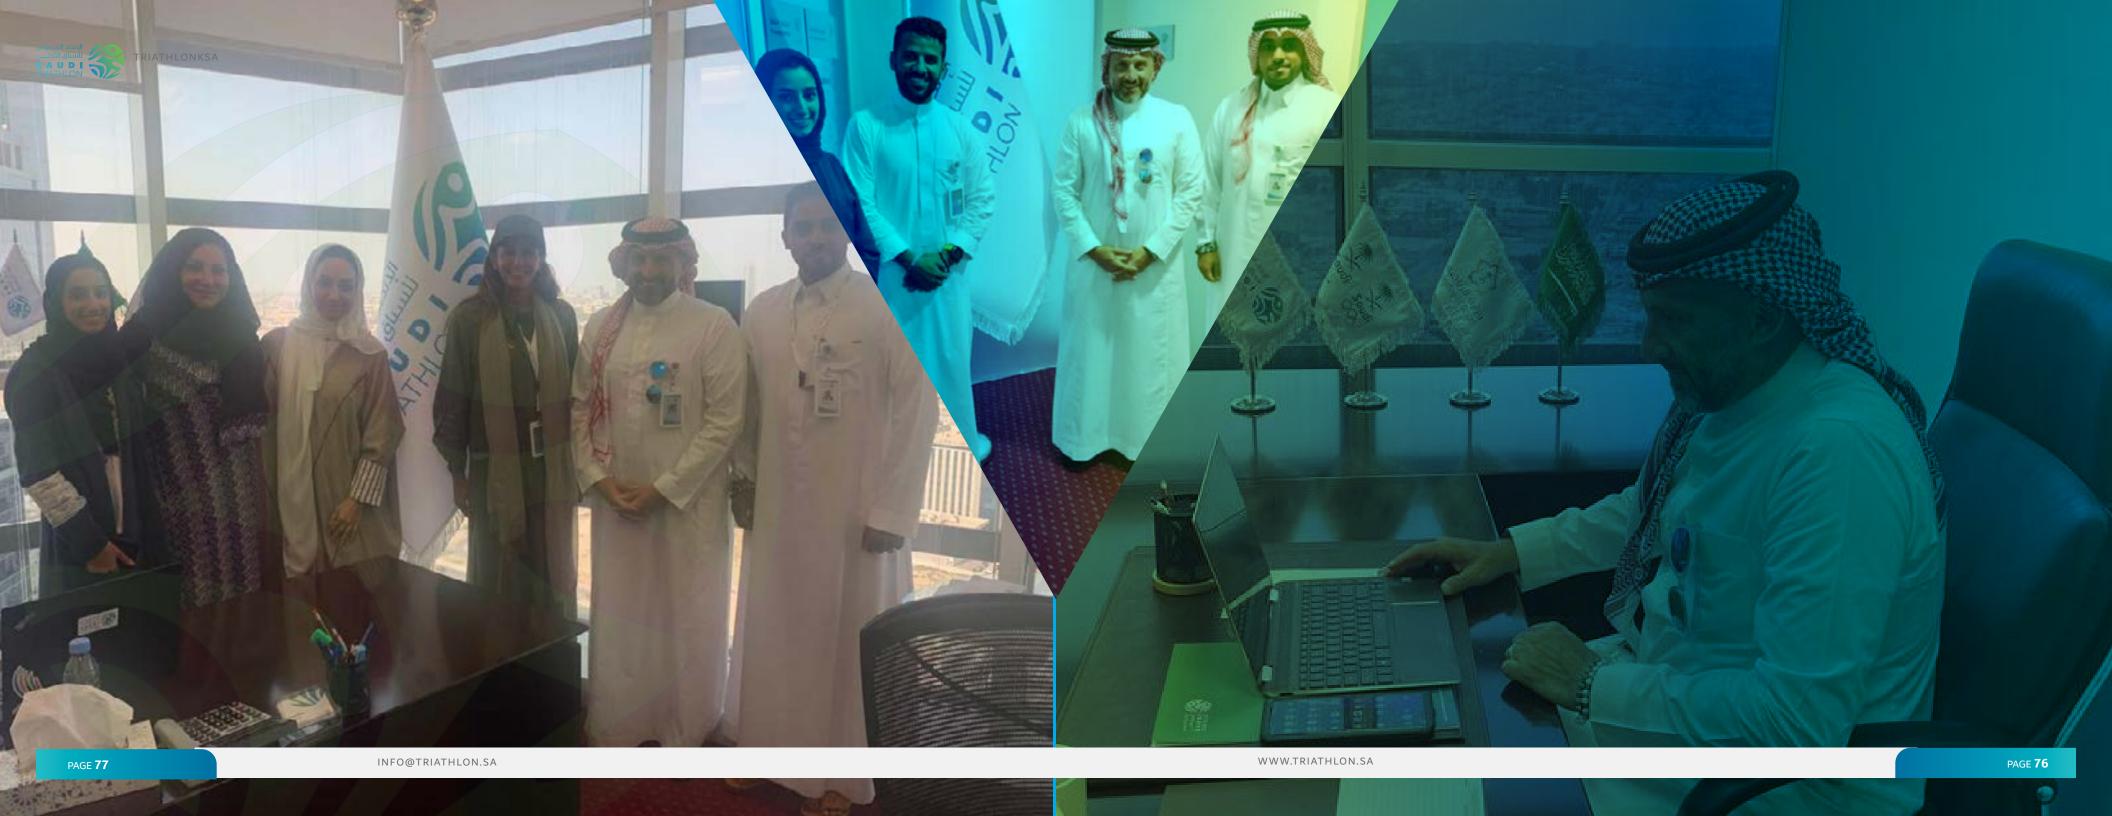

The headquarter of the Saudi Triathlon Federation has been moved to the eastern province (Al-Khobar Governorate) to align with the federation's objectives:

- 1- Runing technical training courses under the supervision of the International and Asian Triathlon Federations, which include international coaching course (Level 1) and international technical official course (Level 1) for both genders at one of the residential compound that contains relevant sports facilities.
- 2- Hosting the West Asian Triathlon Championship 2022.
- 3- Hosting the 2023 Asian Triathlon Championship
- 4- Holding number of local competitions in the eastern province due to the infrastructure read inessandtheavailability of sportfacilities.
- 5- The region's proximity to the Gulf countries, as many triathletes are located in this area.
